Big Brothers Big Sisters  
are African American

PERCENTAGE OF KIDS  
WAITING FOR A BIG

## WE ARE DEFENDERS OF POTENTIAL

Erick and Shauncey were matched in the School-Based program for approximately 15-months before they transitioned to the Community-Based program in the summer of 2014, which allowed them to build their relationship outside of school and explore a variety of different activities. Over the years they have attended UD basketball games, Dayton Dragon games, enjoyed The Nutcracker, Scene 75, movies, going out to eat, and participated in agency fundraisers. All kids need someone to relate to, someone to support them, and help them see they can achieve anything they want to in life.

**Kids who need the  
support & guidance  
of a mentor will grow  
up without one.**
